

Infrastructure that changes a day.

A selection from the constituency project directory, each with a location and a completion date or programme status. The live, filterable directory is faleke.ng/projects.

Education

Six-classroom block at State Primary School, Onilekere (March 2021); exercise books and textbooks; school bags and learning kits; IT skills and laptops with New Horizons Nigeria.

Water

Solar-powered motorised boreholes at Alausa Police Station, Adesina Street, Mosafejo (Onigbongbo), Adekunle Village and Yakoyo Market.

Power

Transformer supply and restoration at Oluyemi Erinoso & Ogunsola Streets (Aguda), Araromi Street (Akiode), Ajao Road/Obanta Street (Oke-Ira) and Alausa.

Security & light

Ojodu Police Station administrative block (September 2021); solar street lighting across Wasimi, Ojodu and Olusosun; Light Up Ikeja.

The rebuilt Ojodu Police Station administrative block. Photo: Lagos Panorama, September 2021.

Roads, bridges and the daily commute.

Pedestrian bridges at Berger and Onilekere, road rehabilitation across the constituency, and the Light Up Ikeja solar lighting programme together address the conditions under which residents move, trade and return home.

A constituency road project signboard. Video still: TVC News / YouTube.
